Tooth Hints!

"When ought we to go
to the Dentist?"

Many think it unnecessary to de-
vote particular attention to the
teeth until the mouth is affected by
broken or decayed teeth. Others
give their teeth no attention until
pain compels them. Every one who
thinks a moment on the subject
knows that we cannot masticate our
food satisfactorily, if one of the
teeth is tender, inflamed or other-
wise out of order, and that if this
be the case, the mouth requires im-
mediate attention.
